

# Zhaoqiang Wang

+1 (310) 387-7720 · 630 Charles E Young Dr S, Los Angeles, CA 90095 · zqwang9@ucla.edu

## Education

---

<b>University of California, Los Angeles</b>	Present - 2024
Ph.D. Candidate in Bioengineering	
<b>University of California, Los Angeles</b>	2019
M.S. in Bioengineering	GPA: 3.943/4
<b>Huazhong University of Science and Technology, China</b>	2018
B.E in Optoelectronic Information Science and Engineering	Rank: 1st/261, GPA: 3.93/4

## Professional Summary

---

- First order optical design. Familiar with high-speed photography and microscopy systems (light field microscope, light field tomography, light sheet fluorescent microscope, etc.)
- Imaging system implementation. Abundant hand-on experience on optical alignment and hardware (camera sensor, motor, galvo mirror, laser, etc.) synchronization and automation
- Algorithms for image reconstruction and analysis. Worked with both model-based and learning-based methods for imaging-related inverse problem solving.

## Research Experience

---

<b>UCLA Intelligent Optics Laboratory</b>	Los Angeles, CA
Graduate Research Assistant	September 2021 - Present

Advisor: Dr. Liang Gao

- Developed a spectrum-encoding light field tomography for ultrafast imaging (kilohertz 3D imaging)
- Developed a scanning light sheet illuminated light field tomography (LIFT) microscope for neural and cardiovascular imaging in zebrafish embryos

<b>UCLA Cardiovascular Engineering Research Laboratory</b>	Los Angeles, CA
Graduate Research Assistant	September 2018 – September 2021

Advisors: Dr. Tzung K. Hsiai, Dr. Peng Fei

- Integrated light sheet and light field microscopy to quantify 3D biomechanics inside a beating embryonic zebrafish heart

<b>HUST Biophotonics and Microfluidics Laboratory</b>	Wuhan, China
Undergraduate Research Assistant	December 2017 - September 2018

Advisor: Dr. Peng Fei

- Designed deep learning based reconstruction algorithm for light field microscopy
- Implemented modularized illumination plugin to transform a commercial epi-fluorescent microscopy into light sheet fluorescent microscopy

#### Selected Honors

---

- |  |                  |
|--|------------------|
| • Amazon Doctoral Student Fellowship   | 2022             |
| • China National Scholarship (Highest scholarship given by Chinese government) | 2015, 2016, 2017 |
| • Merit Student Scholarship, HUST, Wuhan, China                                | 2015, 2016, 2017 |
| • Excellent Student Scholarship, Qiming College, HUST, Wuhan, China            | 2016             |
| • Goodix Technology Scholarship, Goodix Technology, Shenzhen, China            | 2018             |

#### Skills

---

- **Optical system simulation:** OpticStudio (zemax)
- **Mechanical design:** SolidWorks, Fusion 360
- **Programming:** C++, Python, Matlab, Labview
- **Optics alignment and testbench**
